Government Will Ship Bodies of Employees Dying on Isthmus

THEO. SHONTS LEAVES COLON

Chairman of Panama Canal Commission En Route to United States—Meeting Held at Panama—Construction of Workmen's Hotel Is Approved.

Colon, Aug. 9.—Theodore P. Shonts, chairman of the Panama canal commission, and D. W. Ross, the purchasing agent of the commission, left last night by the steamer Mexico for New York. Before the departure of Chairman Shonts from Panama for Colon, on his way to the United States, the canal commission had a meeting at which it was decided that the bodies of employees dying on the isthmus should be sent to the United States at the expense of the government. The commission approved the erection of a 250-room hotel for the canal employees. The construction of a 70-room administration building was also approved.

TEAMSTERS TRY "SLUGGING."

Non-Union Drivers Beaten by Striking Chicago Teamsters.

Chicago, Aug. 9.—Rioting by union teamsters was resumed last night, when several union men who had been unable to regain their old positions, attacked five of Montgomery Ward & Co.'s non-union drivers. Two deputy sheriffs, who were escorting the non-unionists from Ward & Co.'s barns were routed by the union men, who flourished revolvers and threatened the deputies with bodily injury. Two of the non-union teamsters, who were knocked down and beaten with clubs, fired a dozen or more shots at their assailants and the latter fled. A riot call was sent in and a few minutes after the rioters had disappeared Inspector Shippy, with 20 policemen, drove to the stable in the patrol and ambulance wagons. A thorough search of the neighborhood for the "sluggers" was made by the policemen, but they could not be found.

The men beaten by the strikers are Simon Block and Jerry Williams. Both were badly bruised about their heads. Several of their companions were less seriously bruised when they went to the assistance of Block and Williams.

MAY APPEAL TO WITTE.

New York Jews Plan for Amelioration of Suffering Fellows.

New York, Aug. 9.—The presence in America of Sergius Witte, the Russian peace envoy, is responsible for a lively debate now going on among the east side Jews, many of whom favor sending a delegation to M. Witte with an appeal for the amelioration of their brethren's condition in Russia.

Those, with revolutionary ideas, are stoutly opposing the idea and the plan has thus far taken no definite shape. The Yiddish newspapers have taken up the discussion. One of them is inviting the votes of its readers to settle the question.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Eagle Drug Store, 351-353 Bond St., Owl Drug Store, 549 Com. St., T. F. Laurin, Prop. "Special Agent."

TWO ARE BANKRUPT.

Knoxville, Tenn., Men Go to the Wall on Poor Paper.

Knoxville, Tenn., Aug. 9.—Two voluntary petitions in bankruptcy have been filed in the United States court here, the aggregate liabilities of which are over \$600,000, and the assets slightly in excess of \$12,000. H. N. Saxton, Jr., gives his liabilities at \$261,219 and assets of \$8,000. C. G. Schrader has liabilities of \$350,054 and assets of \$4,418. Both men were endorsers on the paper of Saxton & Co., lumber exporters, which firm recently failed.

TRAFFIC FREIGHT INCREASES.

Enormous and Constantly Increasing Quantities Received at Panama.

Colon, Aug. 9.—During the last few months there has been an enormous increase in the freight arriving in Colon, most of which is material and supplies for the canal. Owing to the insufficiency of the docks steamers and sailing vessels are frequently forced to lie in the stream three or four days awaiting their turn. Beside this, the rolling stock of the Panama railway is incapable of handling even the normal traffic across the isthmus.

DESERTION AN EVIL

Hundred New York Wives Ask Help of Courts

MENACE TO DOMESTICITY

New York Judge Says Wife Desertion Threatens Stability of Domestic Life—Number of Cases Developing Each Day Is Astonishing.

New York, Aug. 9.—Stirred by the presence in his courtroom of 100 women, followed by a mob of children—each woman demanding a warrant for the husband, whom she charged with desertion and non-support—Magistrate Pool yesterday declared that wife desertion is one of the most serious menaces to domestic life that now confronts New York.

After hearing the charges, the magistrate issued 20 warrants and turned the remaining cases over to court officers for immediate investigation. Later, in discussing the problem with a reporter, the magistrate said:

"The large number of cases that are coming before magistrates in the police courts show the grave nature of the problem that the law-makers must face. When a man tires of a wife, or is attracted by a pretty face, all that he has to do is to refuse to support his wife, and then when she has him summoned before me, he can give a bond for the payment of a weekly sum and go free of interference from the woman or from the law. I am glad to say that in the largest number of cases that appear before me the husband is of foreign birth.

"A serious side to the problem is that women appeal to the police court for aid only when they have exhausted every other means of bringing the husband back to them. When a woman appeals to me for aid, I can only summon the husband and force him to give bond for the payment of a stated sum each week. If he refuses, I can send him to the workhouse. Many prefer to go to the workhouse to paying their wives anything at all."

A probation officer in Magistrate Pool's court said he had given the question of wife abandonment careful study and that such cases are constantly increasing in number in this city. He asserted that family interferences and troublesome relatives were the two causes largely responsible.

TYPHOID AT WASHINGTON.

Washington, Aug. 9.—An unusually severe outbreak of typhoid fever, generally attributed to the use of river water, is prevalent in this city. Since July 1, 1905 cases have been reported in the District of Columbia and 21 deaths have occurred.

A MUSICAL MONARCH

The Crown, a Piano Royal—Many Tones at Its Command, and Every One Perfect.

CHOICE OF DAN W. CRITES

One true friend redeems a world of unfaithfulness. In much the same way a good piano will establish faith in the integrity of the piano-making world. And the dealer who handles good pianos, giving each purchaser a "Fair, Square Deal," as we do, secures the confidence of the public, which no amount of lying misrepresentation on the part of the opposition will shake. Facts are stubborn things.

Petty dealers and unscrupulous salesmen do so much harping and carping about unreliable pianos, "stencils," "thump-boxes," and the like, that piano buyers have come to look with distrust upon any new name that may appear upon the fall-board of a piano, and generally prefer to invest their money in instruments of long-established reputation, such as:

The Weber, Kimball, Chickering, Hazeltin, Steck, Lester, Haddorf, Decker & Son, Hobart M. Cable, etc. These are all instruments of established reputation, being the very finest in the world.

But it does not take one whit from the luster of these great names to mention another piano that is worthy of every confidence, such as the Crown, which in addition to its faultless piano tone can also produce at the pleasure of the performer the tones of the guitar, mandolin, harp and many other instruments, most perfectly and charmingly.

To possess a piano like this, which after years of usage rings as clear and pure and true in tone as the day it was brought into the home, is like having the friend who stands the test of years of trial. The possessor of such a piano comes to regard it in much the same light as an old friend. And why not? Will not the piano sing to us in our happiness, pour soothing strains like balm upon hearts when they are hurt and aching; has it not lightened many an hour that otherwise would have been dull and tedious; has it not led us on to higher fields of thought and aspiration; is it not the friend that is always ready to respond to every mood and need?

The name Crown is not a new piano name. For over 30 years Crown pianos have been manufactured. This is plenty long enough to prove their worth and establish them as family friends in thousands of American homes.

It is needless to say that infinite care is bestowed upon the construction of Crown pianos and that only the best materials are permitted to enter into their make-up.

The Crown is the piano chosen by Mr. Crites for his home, after carefully examining the various other pianos offered in Astoria. EILERS PIANO HOUSE is the place to get good pianos at the lowest prices. Bring this "ad" to the local store, 422 and 424 Commercial street, and get at Katzenjammer Puzzle. Store open evenings.
